

With 15 years railway design experience Brunskill Design provide exceptional solutions.

'I have no hesitation in recommending Brunskill Design Architectural Services and Design skills.' Alastair Lansley CBE- former Chief Architect Channel Tunnel Rail Link, Client team- St Pancras Station Redevelopment .

'These were complex design projects and Helen provided a professional client interface ensuring quality was paramount at all times, and as a design priority; that interfacing of the various design disciplines and architects was managed to provide a full integrated design solution.' Jonathan Fernandez Stations Client Team, Metronet

'Brunskill Design have completely transformed the way we think about our property'
John Cotterell Business Development WGC

We are now qualified for the UK rail industry on Achilles Link-up
